

ENVI DANIEL

+243 811 428 756 | ✉ envidaniel1@email.com |  LinkedIn |  GitHub |  Portfolio

Software Engineer | Web & Mobile | IoT

TECHNICAL SKILLS

Web Development: React, Next.js, Node.js, Express.js, NestJS, Django, FastApi

Mobile Development: Expo (React Native), Supabase, Firebase

Infrastructure: AWS, Docker, CI/CD, Git

Databases: PostgreSQL, MongoDB, MySQL, Prisma

EXPERIENCE

Remote Project

Dec. 2025 – Dec. 2025

Frontend Engineer

Lubumbashi, DRC

- Integrated a dog-focused e-commerce store using **Next.js** and **Tailwind CSS**.
- Implemented internationalization with **next-intl** to support multiple languages and global users.

Remote Project

Mar. 2025 – Oct. 2025

Frontend Engineer

Lubumbashi, DRC

- Consumed a **NestJS** API to build a quote library interface using **React.js**.
- Leveraged **Swagger** documentation to integrate and validate API endpoints efficiently.

Evotech

Apr. 2025 – Oct. 2025

Frontend Engineer

Butembo, DRC

- Developed a high-performance blog web application using **Next.js** to demonstrate company capabilities.
- Built responsive and animated user interfaces with **TypeScript** and **Framer Motion**.

EvoluData

Nov. 2024 – Dec. 2024

Software Engineer Intern

Canada (Remote)

- Collaborated within an international agile team on large-scale web development projects.
- Developed a full-stack internal management application using **PHP**, **MySQL**, and **JavaScript**.

KiloVolt Lab

Dec. 2024 – Dec. 2024

IoT Intern

Goma, DRC

- Built an automated football scoring system using **Arduino**.
- Performed API integration testing and monitoring using **Postman** and **PHP** servers.

PROJECTS

Hermes | Expo, React Native, ML Kit Vision, OCR, Supabase

- Hermes is a React Native (Expo) mobile application featuring on-device OCR using ML Kit Vision, integrated TTS, multilingual translation, and Expo Router.
- Designed for travelers in Congo, the app enables users to capture text from real-world signs (French, Lingala, Kikongo) and receive instant translations in 10+ languages.

Ecommerce Social App | Next.js, NextAuth, Tailwind CSS

- Application enabling users to buy and sell products with secure authentication.

EDUCATION

Université de l'Assomption au Congo (UAC)

2020 – 2025

Bachelor's Degree in Computer Engineering

Butembo, DRC
